How to Claim Your CME Credits

EVALUATION

At the end of the meeting, all attendees will receive an invitation to complete an evaluation of the CLP 2025 meeting. We encourage you to complete the evaluation; your feedback will help the team make improvements for future Annual Meetings. The evaluation will close on December 23, 2025.

CONTINUING MEDICAL EDUCATION CREDITS

At the conclusion of the course, physician participants will be provided with a link to claim hours of participation and receive an official CME certificate by completing an online CME course evaluation.

Non-physician participants can also receive a certificate of participation. At the conclusion of the conference, participants should complete the online conference evaluation in order to print a certificate of attendance.

Certificates will no longer be available after December 23, 2025.

INSTRUCTIONS FOR CLAIMING EDUCATION HOURS:

1. Login to the conference website: <https://aclp.societyconference.com>
2. Select the Education Hours module from the home page.
3. Choose whether you will claim CME credit or a certificate of attendance (attendees can claim both).
4. Select all the sessions you participated in at the meeting (live credits).
5. Complete the education evaluation questions and submit.
6. You will be able to immediately download your certificate(s) and you will also get an email with your certificate(s) attached.

Attendees who wish to claim continuing education credits for watching the recorded sessions will need to resubmit once all desired recorded sessions have been viewed.

Become a Champion of C-L Psychiatry

Since 2009, the Foundation of ACLP has financially supported the Academy's mission on several key fronts: developing leaders in the field, recognizing significant achievements, and advancing research efforts.

The Foundation relies on the generosity of ACLP members and others who share our vision to move Consultation-Liaison Psychiatry forward. With your support, the Academy can continue its vital work in providing leadership in a new age of health care defined by collaboration.

By giving to the Foundation of ACLP, you play a pivotal role in:

Developing leaders in C-L Psychiatry

The Foundation provides financial assistance to the Academy's Webb Fellowship program, annually awarded to up to eight residents or fellows to aid their growth and encourage longstanding involvement in ACLP.

Funding the Visiting Professorship Program

The Visiting Professorship Program funds a one- to three-day visit of a senior Academy member to an institution to promote the understanding and practice of C-L Psychiatry. This popular and competitive program is a vital pathway to promoting new forms of C-L Psychiatry techniques and research at applying institutions.

Building a foundation for the Future

The Foundation manages the funding for the Don R. Lipsitt Award for Achievement in Integrated and Collaborative Care, created to recognize a mid- career psychiatrist currently making substantial contributions to the evolving field of integrated behavioral health.

The ACLP Foundation Research Professor Program

Developed in memory of Dr. Wayne Katon, Academy president 2012-13, this award brings a leading researcher to the annual meeting and facilitates research mentorship to early career researchers. The overall objectives of the awards are to promote interest in consultation- liaison psychiatry research, and to support the development of emerging talent in the field.
